

JOC CTE Conference

Hamburg, 17th September 2019

Frank Knoors
Founder & CEO

Sustainable solutions for e-commerce

Ocean freight as a valid alternative
through collaborative, adaptive and reliable logistics

SaaS

Network management & data sharing

Collaboration: Rates, quotation & multimodal planning

Intelligent visibility & data analysis

The Logit One Platform for collaborative transport coordination, intermediation & visibility

LOGIT
ONE™

Towards
Collaboration
Adaptability

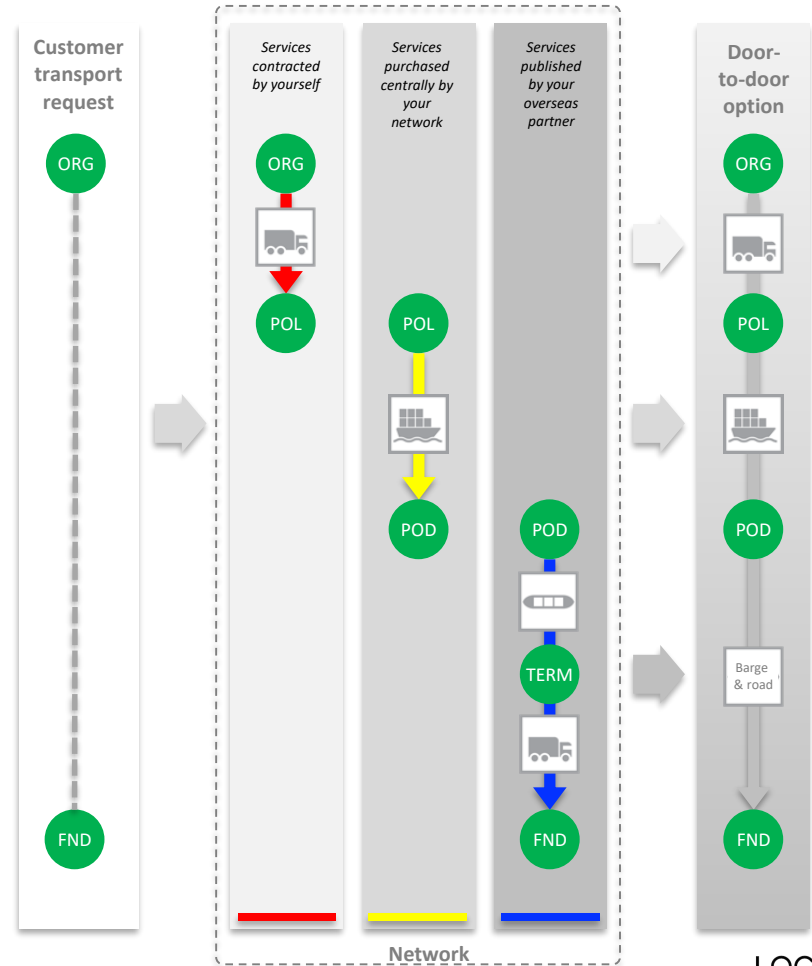

Publish your service offerings, sub-contract orders & share status with your overseas partners

Make use of centrally purchased services available to the whole network

Instant end-to-end, multi-leg shipments that span multiple countries, modes of transportation and parties

Networks: Global delivery with local expertise

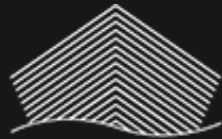

Towards
Reliability

Data driven:
No expensive tracking devices

Timely capture transshipments
and port changes

Manage exceptions:
Be proactive, not reactive

NxtPort

Partner for enhanced E2E visibility

Visibility: Early Accurate Complete Data
